CMYK: 100, 43, 0, 65  
Pantone: 7463 C

Company Logo:  
Globe and Line

World-Lok Logo:  
All Elements

# FONTS

## COMPANY LOGO

Utilizes the font Frutiger LT Std, in two variations:

Main Text: 66 Bold Italic  
Description Text: 45 Light

Both require character-level tracking adjustments and don't use "stock" font tracking.

## WORLD-LOK LOGO

Uses two fonts:

Main Text: Frutiger LT Std, 95 Ultra Black  
Description Text: Montserrat Regular

# USE INSTRUCTIONS

Where any logo must appear, if the circle R mark becomes illegible, the circle R may be removed.

Where possible, colored logos must be used. Company Logo blue tones may not be altered to other shades of blue. Where Logo blues blend into the background, use white or black variations.

## COMPANY LOGO

Where possible on the same page, use either A or B versions of the Company Logo, along with a Product Line Logo.

Where possible, use either Logo A or B. If Logo C is used, it must be accompanied by a World-Lok logo which includes the Globe.

## WORLD-LOK LOGO

Where possible, use the Primary Product Line Logo instead of a Horizontal variation. Dark Blue is preferred.

Where legible, include the logo version with the Circle R mark.

Where vertical space is limited, a Horizontal Product Line Logo may be used.

Where the description under “World-Lok” becomes illegible, use a Product Line Variation without description. All uses of a Product Line Mini Variation Logo require the use of a Company Logo on the same page. These versions may only be used where space is limited.

World-Lok logo may be recolored with shades of blues or surrounded by other colors.

## PRODUCT LINE MINI VARIATION LOGOS, DARK BLUE, CMYK

## PRODUCT LINE MINI VARIATION LOGOS, BLACK

World-Lok .AI vector and PNG files  
are available at: [cleanair.com/branding](http://cleanair.com/branding)

# COPY AND DOCUMENTATION INSTRUCTIONS

Use the company name “CleanAir Engineering” along with “World-Lok tube fittings”, anytime CleanAir is not easily assumed to be the parent brand of World-Lok products.

No circle R mark is required within text.
